JV2010: What Will Be Differen

Doctrine

- Dynamic, collaborative, more accessible
- Increasing allied/interagency involvement

Organization

- Integrative, lethal, versatile, adaptable, more projectable
- Fully integrated into the national security community

Training and Education

- Linked in future to allies and interagency
- PME:continuous…seamless… perpetual… career-long.. IT-based…'network centric'… on demand…Just-in-time…needs-based… experiential…virtual…
- Fused with operations in units
- New Joint professional education program required (OFF/NCO/RC)
- Advanced Distributive Learning
- The Information Age University
- Virtual education environment

Materiel

- Faster, more responsive and focused defense acquisition system
- Applying Moore's Law and Metcalf's Law to Defense acquisitions
- Acquisition must speed up by necessity

Leadership

Personnel

- Standards across the forces relative to transportation, maintenance, housing, deployment criteria, medical support
